## Who is the course for?

This course is for beginners and professionals with prior experience wishing to join the private security industry. Completing the course is a mandatory requirement for the SIA Security Guard Licence. Careers you can join with this licence include:

- ✓ Security Officer
- ✓ Loss Prevention Officer
- ✓ Retail Security
- ✓ Patrol Officer
- ✓ Key-holding
- ✓ Front of House
- ✓ Static Guarding

## Course content

The 3 units taught on the course cover everything from the legal aspects to the latest security practices you need to know. The units are as follows:

- ✓ Principles of Working in the Private Security industry
- ✓ Principles of Working as a Security Officer in the Private Security Industry
- ✓ Application of Conflict Management in the Private Security Industry

## How to get your SIA licence

After successful completion of the course, your details will be sent electronically to the SIA and you will be able to apply for your licence via the SIA's website. The application requires you to provide various personal information details and complete ID checks through the Post Office. The entire process usually takes 2-3 weeks and your licence is then sent in the post. The application fee is £190, which is paid directly to the SIA.

## How to get started

The first step in getting your SIA licence is to book your training course. Head over to [get-licensed.co.uk](https://get-licensed.co.uk) to book your course and start your new career journey today.
